

RA-MW-A9-12-DK1-10

Accessories – Measuring Wheel For Solid Shaft Encoders

Technical data

Type	RA-MW-A9-12-DK1-10
ID	100038310
Ambient temperature	-30...+80 °C

Features

- For length measurement
- Circumference: 12"
- Material: Aluminum
- Surface: Polyurethane, smooth
- Application area: greased metals, steel profiles, painted surfaces, plastics, cardboard, wood, textiles, wire, leather
